The thre families are etnse and afraid, even anguished by our proposals. But they have to leave. ICOD shall arrange tutors for them in their own place, but will it be possible?

The darling sweetheart new brother of Josna, is a real joker !

OUR FIVE ORPHANS ARE ADMITTED AS INMATES IN RAJAPUR ON (5th AUGUST)

The departure was so sad and so sudden in the absence of Gopama. They took me out of bed since I was too weak this day. Moreover, it was raining, and they were so afraid!

Sushma, 11, at last could joint hem on 16th. And three days after, Gopa and Palash found them laughing, except the boys especially Debjit, realizing that there is no place to play cricket! Prema was still rather lost, but the others were well adapted.

SUBORNA, teacher and their in-charges, visited them on 26th August at RAJAPUR and fond them quite well. Unhappily, she broke her wrist some days later, and I have less regular news!
